DOG DAYS of SUMMER

FUN FACTS ABOUT THE DOG DAYS!

WHAT ARE THE DOG DAYS?
The Dog Days of Summer are the hottest, most humid days of the year. They usually occur from July 3 to August 11!

NAMED AFTER SIRIUS
They got their name from the star Sirius, known as the "Dog Star," which rises at the same time as the summer heat.

STAY COOL!
Dogs can't sweat like we do, so they pant to cool down. Always make sure they have plenty of fresh water and shade!

FUN IN THE SUN
Summer is a great time for walks, splashing in the water, and extra cuddles with our furry friends!

DID YOU KNOW?
Sirius is about **25 times** brighter than our Sun!
Keep your pups safe this summer—never leave them in a hot car!

WAYS TO HELP YOUR DOG BEAT THE HEAT

- Provide lots of fresh water
- Avoid walks during the hottest part of the day
- Offer shade and a cool place to rest
- Never leave your dog in a parked car
- Watch for signs of overheating (heavy panting, drooling, weakness)
